1. All solid fences are subject to applicable building permit requirements.
2. All fencing shall be smooth wire or rail.
3. Barbed wire is prohibited.

5. Stays shall be placed at 6 to 8 foot increments.
6. Rail fences shall be a maximum of 48 inches from the ground with 16 inches of spacing between the rails.
7. Electrified fencing shall be a maximum of 48 inches from the ground and at least 12 inches shall separate the two top wires.
8. Fencing of open construction (e.g., corrals) shall have at least a 12 inch gap between the top two rails.
