**GENERAL INTENT:** The intent of the housing decommissioning process in the Town of Castle Valley is to maintain the one dwelling per lot requirement of the zoning ordinance, but still allow residents and property owners to live in existing dwellings during their building phase in Castle Valley and also allow the conversion of an existing dwelling to another use so that a replacement dwelling or residence may be legally constructed.

**DEFINITION OF DWELLING:** Any building that is used, designed or intended to be used, for human habitation regardless of the type of building or intended future use; or any building or portion of a building that includes one kitchen and one or more full bathroom(s) as defined in Town Ordinance 85-3

**DECOMMISSIONING A PREVIOUS DWELLING:** To decommission a previous dwelling (a structure), the facilities that are part of what defines a dwelling in this contract and in Town Ordinance 85-3 must be permanently removed so that it no longer meets that definition. Facilities designed, or intended to be used, for the preparation of food such as refrigerators or cooking stoves/ranges may be removed so that the structure no longer contains a kitchen as defined in Town Ordinance 85-3; or fixtures such as toilets or bathtubs/showers may be removed so that the structure no longer contains any full bathrooms as defined in Town Ordinance 85-3. The owner agrees that the previous dwelling will never again be used for human habitation on their lot

**TIME FRAME:** A decommissioned dwelling may be used for human habitation for NO MORE THAN 30 (thirty) days after the occupancy of the new dwelling or receipt of a Certificate of Occupancy for the new dwelling from Grand County whichever occurs first.

**INSPECTION:** the applicant agrees to allow the Town of Castle Valley, through its officers or designated representatives, to inspect the decommissioned dwelling and subject property at any reasonable time to insure that the decommissioned dwelling is not being used as a dwelling.

**DISCONNECTION FROM UTILITIES:** In the event that any violation of this agreement, the Town of Castle Valley shall have the right to immediately and permanently order the disconnection of a decommissioned structure (previous dwelling) from any septic system, water system, or electrical system to which the decommissioned structure may have been connected, by means of a Court order or injunction to do so, or by any other lawful means.
