BUILDING PERMIT AND OTHER LAND USE PERMIT PROCESSES**

**(This Ordinance dated November 17, 2021 amends and supersedes any earlier dated
Ordinance 95-6)**

WHEREAS, the Town of Castle Valley (“the Town”) has an Interlocal Agreement with Grand County (“the County”) regarding Building Inspection Services wherein the Town reviews and approves building plans, electrical system plans, and solar energy system plans for their compliance with the Town’s Zoning regulations before the County can issue a building permit for such plans, and

WHEREAS, the Town also has legal and liability issues in relationship to property owners who construct buildings, electrical systems, and solar energy systems on their lots, and

WHEREAS, changes to washes, drainages or waterways on individual lots may adversely impact town roads and other public infrastructure, and

WHEREAS, the Town has occasion to change its zoning regulations, and must also make changes in its regulations and forms in order to remain in compliance with changes in County law, Utah State law and case law relating to zoning and building, and

WHEREAS, the Town needs to have a building and land use permit process which is clear and effective in meeting all these needs; therefore

BE IT ORDAINED BY THE TOWN COUNCIL OF THE TOWN OF CASTLE VALLEY, UTAH:

SECTION 1: SIGNED FORMS AND AGREEMENTS REQUIRED: The Town will have a Castle Valley Building Permit Information Sheet and other Land Use Applications which specify the submissions, forms, and agreements which the Town requires in order to gain Town Zoning Approval on the Grand County Building Permit Application form for submission to the County.

1.1 Building Permits. - f. Short-Term Rentals Prohibited Acknowledgement Form (signed by applicant).

1.2 Electrical and Solar Energy System Permits. Electrical Permits are necessary only when no other construction work is being done. Otherwise, they are included as part of a building or remodel permit and not independent of it. Solar Energy System Permit Applications must always be submitted independent of construction work being done.

Unless determined inapplicable by the Designated Land Use Authority, the signed documents and information listed below are required in order to attain Town Approval for an Electrical

Permit Application or a Solar Energy System Permit Application. Required submission documents and information may be determined inapplicable by the Designated Land Use Authority or the Building Permit Agent only if deemed unnecessary in order to properly evaluate and ensure a Land Use Application's compliance with Town Land Use Regulations and its impact on the zone in which the land use will be located.

- a. A completed Castle Valley Electrical Permit Application or Solar Energy System Permit Application along with submission of all information specified in the Application. If electricity (including solar electricity) is being installed or upgraded to supply an existing building for the first time, a statement of change of use may be required if deemed applicable by the Designated Land Use Authority.
- b. Electrical system Applicants must submit 3 complete copies of the Electrical Plan as submitted to the Grand County Building Department.
- c. Solar Energy System Applicants must submit approval of an interconnection agreement from the local electric utility company to the Town in order to gain Town approval on systems connected to the grid.

- f. Any additional information and signed documents deemed necessary in order to properly evaluate and ensure a Land Use Application's compliance with Town Land Use Regulations and its impact on the zone in which the land use will be located.

Copies of these forms and agreements as they exist at the time of this Ordinance are attached to this Ordinance for information purposes.

SECTION 2: The content of the forms and agreements listed in Section 1 may be amended as deemed necessary by the Planning and Land Use Commission to keep them compatible with Town Land Use Regulations, Grand County regulations, Utah state law, and evolving case law. Changes in content will be reported to the Town Council.

SECTION 3: Additional forms and agreements may be required as directed by the Town Council or as deemed necessary by the Planning and Land Use Commission to assure compliance with Town Land Use Regulations, and Grand County regulations, Utah state law, and evolving case law. Such additional forms and agreements will be reported to the Town Council.

SECTION 4: All road easement encroachments must receive written approval by the Town prior to any work being done within a Town road easement. Town approval of road easement encroachments shall take the form of the signature of the Town's Roads Manager on the right of way encroachment permit application. Town Approval for a permit for a new building or addition may be denied if any changes have already been made to any wash, drainage or waterway on the lot in a way that affects the exit point of surface water or the concentration of discharge at that point, as determined by a drainage review.

SECTION 5: In order to determine existing grade, a Grade Review by the Town's Building Permit Agent must be completed prior to commencing any human-made cuts, fills, excavation, grading or similar earth-moving process to prepare any building site, septic system and associated plumbing, pad, foundation, driveway or removal of a structure and provisions as further provided for in Chapter 5 of Ordinance 85-3, as amended.

SECTION 6: APPROVAL OF BUILDING PERMIT APPLICATIONS, ELECTRICAL OR SOLAR ENERGY SYSTEM APPLICATIONS AND OTHER LAND USE APPLICATIONS:

- a. The Town Building Permit Agent is the Designated Land Use Authority for approving routine Building Permit Applications, routine Electrical and Solar Energy System Permit Applications, and other routine Land Use Applications as designated in Ordinance 85-3, as amended and shall consider approval for a complete application. The Building Permit Agent shall determine if an application is complete and determine applicable submission requirements prior to review. Town approval of a routine Building Permit Application, a routine Electrical or Solar Energy System Permit Application, and other routine Land Use Applications shall take the form of the signature of the Town Building Permit Agent on the Grand County Building Permit Application Form.
- b. The Castle Valley Planning and Land Use Commission is the Land Use Authority for approving nonroutine Building Permit Applications, nonroutine Solar Energy System Permit Applications, and other Land Use Applications as designated in Ordinance 85-3, as amended and will consider approval of a complete application at their next regularly scheduled meeting. If determined nonroutine by the Building Permit Agent, the Building Permit Agent shall also determine if an application is complete and determine applicable submission requirements for the Planning and Land Use Commission and their review of the Land Use Application. Town approval for Land Use Applications for which the Planning and Land Use Commission is the Land Use Authority shall take the form of the signature of the Planning and Land Use Commission Chair on the appropriate Land Use Application Permit form after an affirmative majority vote by the members of the Planning and Land Use Commission present at an Open Public Meeting.
- c. The Town Council is the Land Use Authority for approving Building Permit Applications related to noncomplying buildings, nonconforming uses and Temporary Accessory Dwellings for Medical Purposes and other Land Use Applications as designated in Ordinance 85-3, as amended and will consider approval of a complete application at their next regularly scheduled meeting after a recommendation for action from the Planning and Land Use Commission. The Building Permit Agent shall determine if an application is complete and determine applicable submission requirements for the Town Council's review, prior to the Planning and Land Use Commission's initial review of the Land Use Application and their recommendation for action to the Town Council. Town approval for Land Use Applications for which the Town Council is the Land Use Authority shall take the form of the signature of the Mayor on the appropriate Land Use Application Permit form after an affirmative majority vote by the members of the Town Council present at an Open Public Meeting.

- d. Unless a specific requirement is determined inapplicable by the Designated Land Use Authority, a valid Building Permit or other Land Use Application Permit can be issued only after the completion of all requirements as specified in the Building Permit Information Sheet, all requirements as specified on the Application form for the specific Land Use Permit being applied for, the payment of all required fees, and the approval by the Designated Land Use Authority. The Building Permit Agent shall, in a timely manner, determine whether the Land Use Applications listed in this Ordinance are complete for the purposes of subsequent, substantive land use authority review. After a reasonable period of time to allow consideration of a Land Use Application, the Land Use Authority shall approve or deny each complete Land Use Application with reasonable diligence.

SECTION 7: REVOCATION OF TOWN BUILDING PERMIT APPROVALS:

- a. Grand County Building Permit Application forms must be signed by the Designated Castle Valley Land Use Authority and then the Grand County Building Department (also by the Local Health Department if there is a septic system) to be a complete and valid permit.
- b. Town Approval of a Building Permit Application, an Electrical System Permit Application, or a Solar Energy System Permit Application will be revoked and become invalid if, within six months of receiving Town Approval, the Applicant has not received a completed Building Permit, Electrical Permit or Residential Solar Photovoltaic System Plan Review (PV Plan Review) from the Grand County Building Department with all fees paid. If the Town's Approval is revoked on this basis, the fee paid to the Town will not be refunded. If the applicant wishes to start the application process again, new forms must be filed and a new fee must be paid.
- c. If the County revokes a completed Building Permit, Electrical Permit or PV Plan Review for any reason, the Town's Approval is also revoked. If the applicant wishes to revive such an application, the applicant must begin anew the application process with the Town. In such an instance, the original fee will not be refunded and new forms must be filed and a new fee must be paid.
- d. The applicant may extend the Town's Approval for an additional six months with no additional fee as long as: no changes have been made to the applicant's proposed building, addition, electrical system, or solar energy system; no changes have occurred in the Town's Land Use Regulations since the applicant's original approval by the Town that would affect the application; the request is made before the expiration date of the permit; and the Town's Approval has not been revoked for any reason. If any of the above have occurred, the applicant must begin anew the application process with the Town.

SECTION 8: SEVERABILITY: If any provision of this ordinance or any application thereof to any person(s), entity, or circumstance is held invalid, the remaining provisions of this ordinance and applications thereof to other person(s), entities, or circumstances shall not be affected thereby.
