TOWN OF CASTLE VALLEY

**TEMPORARY DWELLINGS**

*From the Town of Cattle Valley Zoning Ordinance, February, 2011*

**4.12 TEMPORARY DWELLING PERMITS ISSUED**

A property owner shall obtain a permit to use a temporary dwelling (as defined in section 1.6) on their lot for a period of two (2) years. The Town requires that a plot plan be submitted showing the location of the temporary dwelling and any other improvements on the lot. A permit for a temporary dwelling must be obtained before human habitation of a temporary dwelling (for any length of time, i.e. intermittent occupancy or permanent residency) on a lot may occur. (An unoccupied RV may be stored on a lot without a permit.) A temporary dwelling must be connected to a septic system or be self-contained. An inspection by the State Sanitarian regarding sewage disposal may be required. The Town may discontinue issuing and/or renewing Temporary Dwelling Permits at any time. There shall be no right created by this land use ordinance to use a Temporary Dwelling for human habitation for more than the two (2) year period of the permit. A Temporary Dwelling Permit is nontransferable.

**4.13 TEMPORARY DWELLING PERMIT RENEWAL**

If a temporary dwelling has not been replaced with a permanent one, removed, or changed to a stored RV two (2) years from the date of the issuance of the temporary dwelling permit, the property owner must apply for a renewal of the temporary dwelling permit by submitting a written request to the Town. Renewals are for two (2) year periods. In granting a renewal, the Planning and Land Use Commission may stipulate additional conditions for the continued use of the temporary dwelling.

**4.14 TEMPORARY DWELLING DECOMMISSIONING**

A temporary dwelling must be decommissioned no later than thirty (30) days after the occupancy of a permanent dwelling on a lot. Decommissioning may include removal of the Temporary Dwelling RV, or change of use to a stored RV, including disconnecting from a septic system. A site inspection by a Town official will be held to verify the decommissioning of the Temporary Dwelling.
