REGULAR MEETING OF THE PLANNING AND LAND USE COMMISSION
TOWN OF CASTLE VALLEY

Date: Wednesday, May 5, 2021

Time: 6:30 PM

Electronic Meeting Determination

Consistent with provisions of the Utah Open and Public Meetings Act, Utah Code Ann. § 54-2-207(4), Ryan Anderson, Chairman of the Town of Castle Valley Planning and Land Use Commission issues this Determination supporting the decision to convene an electronic meeting of the Planning and Land Use Commission via Conference Call without a physical anchor location. Due to the COVID-19 pandemic Meetings at the anchor site may present substantial risk to public health and safety. Taking into consideration public health orders limiting in-person gatherings, the average "at risk" age of Town residents and the limited space in the Town building, the Planning and Land Use Commission will continue to hold meetings by electronic means. This determination expires 30 days after the day on which the Chairman has made the determination. The public can join the Conference Call Meetings or submit comments through emails.

6. Building Permit Agent Report - Thompson - Permit Activity and Updates on Recent Applications presented and attached. No questions/comments.

Thompson explained that currently there are no permits or zoning requirement for shipping containers. They are to be included in the cumulative square footage totals per lot. They are also subject to set backs and probably drainage reviews. She would like the PLUC to look into and discuss adding shipping containers as a sub category of portable sheds. We can require a zoning permit, but requirements need to be added to 85-3. Anderson will work with Thompson on those requirements and amendments.

7. Procedural Matters:

(a) Update on Dark Sky research- Buck reported the Dark Sky Team has been formed Members are : Harry Holland , Tom Haraden , Faylene Roth, Nate Ament, Colleen and herself . There are several parts to the International Dark Sky Community Designation (IDA) application.

Roth, Thompson and Buck are currently working on the new draft Lighting Ordinance using the IDA templates as well as several IDA Communities Lighting Ordinances. When the draft is ready it will be sent on to the PLUC probably sometime in June for discussion at the July PLUC Meeting. Anderson asked if we will reach out for support to neighbors that are not in Town limits. Buck explained we have received letters of support from several neighbors i.e. Redcliff's and Daystar.
