. Roads (Damian Bollermann and the Roads Committee).

Damian hired a new Road Supervisor named Norman Boyd, and has met with him regarding the repair of equipment and the first couple of road fixes and culverts.

Jim suggested we talk with Shawn about finishing the repairs on Castle Valley Drive after we iron out the Interlocal Agreement.

Jack Campbell asked if Damian bears the ultimate responsibility for the roads. Damian said yes he does, as the Road Supervisor and Staff report directly to him. Others pointed out that the Road Committee and the Council also make important decisions about the allocation of resources for roads. Jim suggested that a written statement of the Road Committee's role would be useful.

. Planning and Land Use Commission (Mary Beth Fitzburgh).

Mary Beth commented that PLUC has had a lot of email traffic with Craig Call, and they have a good working draft amending Ordinance 85-3 regarding Conditional Use

Permits and designating land use authorities. She also mentioned that defining single dwellings needs a lot more research.

9. Presentation by Cathy Kay of Redrock Forests.

Cathy Kay of Redrock Forests made a presentation with regard to protecting our aquifer and the possible consequences of not being proactive in doing so.

Rather than give a carte blanche approval for the possible purchase of equipment, Jim advocated calling a special meeting if we need to purchase new road equipment.

17. Discussion and Possible Action re: Basketball Court.

Ranna stated that we now have three bids and all three are over our budget. She suggested we solicit bids and compare the bids with several contractors. She also thinks the Town may need to settle for one of the smaller courts.
